H.R. 6074, CORONAVIRUS PREPAREDNESS AND RESPONSE SUPPLEMENTAL APPROPRIATIONS ACT, 2020

Title-By-Title Summary

This \$8.3 billion package will fully fund a robust response to coronavirus, including vaccine development, support for state and local governments, and assistance for affected small businesses.

DIVISION A – Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020

Prepared by the Democratic staff of the House Appropriations Committee

Title I – Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Food and Drug Administration – \$61 million to facilitate the development and review, both pre-market and post-market, of medical countermeasures, devices, therapies, and vaccines to combat the coronavirus. This funding will help FDA maintain our national drug and device product inventory through extensive outreach to medical product manufacturers to identify and mitigate potential supply chain interruptions. Funds will also assist FDA’s enforcement work against counterfeit and misbranded products and its review of emergency use authorizations for medical products, such as diagnostics. Additionally, these resources will enable FDA to build on its efforts to strengthen the U.S. medical product manufacturing sector by supporting efforts to foster more investment and innovation in advanced manufacturing methods for drugs, devices, vaccines, and other therapies.

Title II – Financial Services and General Government

Small Business Disaster Loans – Allows \$1 billion in loan subsidies to be made available to help small businesses, small agricultural cooperatives, small aquaculture producers, and non-profit organizations which have been impacted by financial losses as a result of the coronavirus outbreak. This funding could enable the Small Business Administration to provide an estimated \$7 billion in loans to these entities. In addition, provides \$20 million to administer these loans.

Title III – Labor, Health and Human Services, Education, and Related Agencies

Centers for Disease Control and Prevention – \$2.2 billion to support federal, state, and local public health agencies to prevent, prepare for, and respond to the coronavirus, including:

- \$950 million, of which \$475 million must be allocated within 30 days, to support States, locals, territories, and tribes to conduct public health activities such as:
 - surveillance for coronavirus;
 - laboratory testing to detect positive cases;
 - contact tracing to identify additional positive cases;
 - infection control at the local level to prevent additional cases;
 - migration in areas with person-to-person transmission to prevent additional cases; and
 - other public health preparedness and response activities
- \$300 million to replenish the Infectious Diseases Rapid Response Reserve Fund, which supports immediate response activities during outbreaks.
- At least \$300 million for global disease detection and emergency response.

In addition –

- The supplemental supports CDC's repatriation and quarantine efforts, laboratory testing, emergency operations, epidemiological investigations, public information, and surveillance and data analysis.

Furthermore, the supplemental includes –

- A general provision to reimburse State or local costs incurred for coronavirus preparedness and response activities between January 20 and the date of enactment of this emergency supplemental.
- A proviso to allow funds to be used for construction or renovation of facilities to improve preparedness and response capabilities at the State and local level.

Vaccines, Therapeutics, and Diagnostics – More than \$3 billion for research and development of vaccines, therapeutics, and diagnostics to prevent or treat the effects of coronavirus, including:

- More than \$2 billion for the Biomedical Advanced Research and Development Authority (BARDA) to support advanced research and development of vaccines, therapeutics, and diagnostics, prioritizing platform-based technologies with U.S.-based manufacturing capabilities.
- \$826 million for the National Institutes of Health to support basic research and development of vaccines, therapeutics, and diagnostics.
- \$300 million in contingency funding for procurement of vaccines, therapeutics, and diagnostics.

In addition –

- Requires that vaccines, therapeutics, and diagnostics developed using taxpayer funds must be available for purchase by the Federal government at a fair and reasonable price.
- Allows the Secretary of Health and Human Services to ensure that vaccines, therapeutics, and diagnostics developed using taxpayer funds be affordable in the commercial market.

Healthcare Preparedness, Pharmaceuticals and Medical Supplies, Community Health Centers – Nearly \$1 billion for procurement of pharmaceuticals and medical supplies, to support healthcare preparedness and Community Health Centers, and to improve medical surge capacity:

- Approximately \$500 million for procurement of pharmaceuticals, masks, personal protective equipment, and other medical supplies, which can be distributed to state and local health agencies in areas with a shortage of medical supplies.
- \$100 million for health services through Community Health Centers, which will support smaller health clinics across the country in under-served urban and rural areas.
- Continues support for healthcare preparedness, including the National Ebola and Special Pathogens Training and Education Center (NETEC), regional, State and local special pathogens treatment centers, and hospital preparedness cooperative agreements.
- In addition, the bill allows funding for medical surge capacity, which will increase the supply of biocontainment beds at additional health facilities.

Additional Items

- Requirement to reimburse \$136 million to programs across the Department of Health and Human Services that were temporarily transferred to support emergency preparedness and response activities at the CDC and the Assistant Secretary for Preparedness and Response.
- \$10 million for worker-based training through the National Institute of Environmental Health Sciences to prevent and reduce exposure of hospital employees, emergency first responders, and other workers who are at risk of exposure to coronavirus through their work duties.
- \$2 million for the HHS Office of Inspector General to conduct oversight of activities related to coronavirus preparedness and response.
- Authority for HHS to hire public health experts, as expeditiously as necessary, to perform critical work relating to coronavirus.

Title IV – State, Foreign Operations, and Related Programs

State Operations – \$264 million for consular operations, emergency evacuations of State Department staff and dependents, and other emergency preparedness needs at embassies around the world. Increases transfer threshold for emergency evacuations from \$10 million to \$100 million.

Global Health Response – \$435 million to support health systems overseas to prevent, prepare and respond to the coronavirus, of which \$200 million is for the Emergency Reserve Fund.

Humanitarian Assistance – \$300 million to respond to humanitarian needs arising in countries coping with a coronavirus disease outbreak.

Economic and Security Stabilization – \$250 million to protect against the effects of an outbreak including economic, security, and stabilization requirements.

Oversight – \$1 million for the USAID Inspector General to perform oversight of coronavirus response activities.

In addition –

- Allows for increased flexibility to transfer funds to respond to the coronavirus.
- Requires a comprehensive strategy to respond to the coronavirus outbreak and regular reporting on the use of funding.

Title V – Bill-Wide

Technical budgetary provisions.

In addition –

- Ensures that the President cannot use funds appropriated in this bill for any other purpose, except for repayment of transfers within the Department of Health and Human Services.
- Requires enhanced Government Accountability Office oversight of funds appropriated in this bill.
- Defines coronavirus.

DIVISION B – Telehealth Services During Certain Emergency Periods

Prepared by the Committee on Ways and Means and the Committee on Energy and Commerce

Emergency Telehealth Waiver: Allows the Secretary of Health and Human Services (HHS) to waive certain Medicare telehealth restrictions during the coronavirus public health emergency. These waivers would allow Medicare providers to furnish telehealth services to Medicare beneficiaries regardless of whether the beneficiary is in a rural community. This provision would also allow beneficiaries to receive care from physicians and other practitioners in their homes. This provision is estimated to cost \$500 million.

H.R. 6201, FAMILIES FIRST CORONAVIRUS RESPONSE ACT *Title-By-Title Summary*

The legislation guarantees free coronavirus testing, establishes paid leave, enhances Unemployment Insurance, expands food security initiatives, and increases federal Medicaid funding.

DIVISION A – Second Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020

Prepared by the Democratic staff of the House Committee on Appropriations and the House Committee on Education and Labor

Title I – Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Food and Nutrition Service – Includes funding to ensure the domestic nutrition assistance programs have adequate resources to help those impacted by the COVID-19 public health emergency. Funding is provided for:

- **The Special Supplemental Nutrition Program for Women Infants and Children (WIC)** – \$500 million to provide access to nutritious foods to low-income pregnant women or mothers with young children who lose their jobs or are laid off due to the COVID-19 emergency.
- **The Emergency Food Assistance Program (TEFAP)** – \$400 million to assist local food banks to meet increased demand for low-income Americans during the emergency. Of the total, \$300 million is for the purchase of nutritious foods and \$100 million is to support the storage and distribution of the foods.

In addition –

- The legislation includes a general provision that allows the Department of Agriculture to approve state plans to provide emergency Electronic Benefit Transfer (EBT) food assistance to households with children who would otherwise receive free or reduced-price meals if not for their schools being closed due to the COVID-19 emergency. In order to be eligible, the child's school must be closed for no less than 5 consecutive days.

- Nutrition Assistance for U.S. Territories – \$100 million for USDA to provide nutrition assistance grants to Puerto Rico, American Samoa, and the Commonwealth of the Northern Mariana Islands in response to the COVID-19 public health emergency.

Title II – Defense

Coverage of Testing for COVID-19 through the Department of Defense – Includes \$82 million for the Department of Defense to cover the costs of COVID-19 diagnostic testing for beneficiaries receiving care through the Defense Health Program.

Title III – Financial Services and General Government

Implementation of Tax Credits – Includes \$15 million for the Internal Revenue Service to implement tax credits for paid sick and paid family and medical leave.

Title IV – Interior, Environment, and Related Agencies

Coverage of Testing for COVID-19 through the Indian Health Service – Includes \$64 million for the Indian Health Service to cover the costs of COVID-19 diagnostic testing for Indians receiving care through the Indian Health Service or through an Urban Indian Health Organization.

Title V – Labor, Health and Human Services, Education, and Related Agencies

Senior Nutrition Program – Includes \$250 million for the Senior Nutrition program in the Administration for Community Living (ACL) to provide approximately 25 million additional home-delivered and pre-packaged meals to low-income seniors who depend on the Senior Nutrition programs in their communities.

This funding will provide meals to low-income seniors:

- who are home-bound;
- who have disabilities;
- who have multiple chronic illnesses;
- as well as caregivers for seniors who are home-bound.

ACL's Senior Nutrition grants are provided to States, territories, and eligible tribal organizations and serve more than 2.4 million individuals annually.

Nearly two-thirds of recipients of home-delivered meals report these meals as more than half of their food intake for the day.

Reimbursement for Diagnostic Testing and Services for COVID-19 in Uninsured Individuals – Includes \$1 billion for the National Disaster Medical System to reimburse the costs of COVID-19 diagnostic testing and services provided to individuals without health insurance.

Title VI – Military Construction, Veterans Affairs, and Related Agencies

Coverage of Testing for COVID-19 through the Veterans Health Administration – Includes \$60 million for the Department of Veterans Affairs to cover the costs of COVID-19 diagnostic testing for veterans receiving care through Medical Services or through Medical Community Care.

Title VII – General Provisions

Technical budgetary provisions.

In addition –

- Ensures State Emergency Operations Centers receive regular and real-time reporting on aggregate testing and case data from health departments and share that data with the Centers for Disease Control and Prevention.

DIVISION B – Nutrition Waivers

Prepared by the Democratic staff of the House Committee on Agriculture and the House Committee on Education and Labor

Title I – Maintaining Essential Access to Lunch for Students Act

Section 2101. Short Title. The short title for the bill is the Maintaining Essential Access to Lunch for Students Act or the MEALS Act.

Section 2102. Waiver Exception for School Closures Due to COVID-19. Provides the Secretary of Agriculture the authority to issue waivers for state plans that increase costs to the federal government.

Title II – COVID-19 Child Nutrition Response Act

Section 2201. Short Title. The short title for the bill is the COVID-19 Child Nutrition Response Act.

Section 2202. National School Lunch Program Requirement Waivers Addressing COVID-19. Allows all child and adult care centers to operate as non-congregate (i.e. allows them to take food to go). Allows the Secretary of Agriculture to waive meal pattern requirements in child nutrition programs if there is a disruption to the food supply as a result of the COVID-19 emergency. Provides the Secretary of Agriculture the authority to issue nationwide school meal waivers during the COVID-19 emergency, which will eliminate paperwork for states and help more schools quickly adopt and utilize flexibilities.

Section 2203. Physical Presence Waiver Under WIC During Certain Public Health Emergencies. Provides the Secretary of Agriculture with the authority to grant waivers to allow

participants to be certified for the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) without being physically present at the WIC clinic.

Sec. 2204. Administrative Requirements Waiver Under WIC. This section provides the Secretary of Agriculture with the authority to waive administrative requirements that are barriers to serving WIC participants during the coronavirus outbreak.

Title III – SNAP COVID-19 Response Waivers

Section 2301. SNAP Flexibility for Low-Income Jobless Workers. Suspends the work and work training requirements for SNAP during this crisis.

Section 2302. Additional SNAP Flexibilities in a Public Health Emergency. Allows states to request special waivers from the Secretary to provide temporary, emergency CR-SNAP benefits to existing SNAP households up to the maximum monthly allotment, as well as give the Secretary broad discretion to provide much more flexibility for States in managing SNAP caseloads. Additionally, this language requires the Secretary to make State requests for waivers and the USDA response, as well as any USDA guidance on State flexibilities, publicly available online.

DIVISION C – Emergency Family and Medical Leave Expansion Act *Prepared by the Democratic staff of the House Committee on Education and Labor*

Section 3101. Short Title. The short title for the bill is the Emergency Family and Medical Leave Expansion Act.

Section 3102. Amendments to the Family and Medical Leave Act of 1993. This section provides employees of employers with fewer than 500 employees and government employers, who have been on the job for at least 30 days, with the right take up to 12 weeks of job-protected leave under the Family and Medical Leave Act to be used for any of the following reasons:

- To adhere to a requirement or recommendation to quarantine due to exposure to or symptoms of coronavirus;
- To care for an at-risk family member who is adhering to a requirement or recommendation to quarantine due to exposure to or symptoms of coronavirus; and
- To care for a child of an employee if the child's school or place of care has been closed, or the child-care provider is unavailable, due to a coronavirus.

After the two weeks of paid leave, employees will receive a benefit from their employers that will be no less than two-thirds of the employee's usual pay.

Section 3103. Employment Under Multi-Employer Bargaining Agreements. The bill ensures employees who work under a multiemployer collective agreement and whose employers pay into a multiemployer plan are provided with leave.

Section 3104. Effective Date. This Act takes effect not later than 15 days after the date of bill's enactment.

DIVISION D – Emergency Unemployment Insurance Stabilization and Access Act of 2020

Prepared by the Democratic staff of the House Committee on Ways and Means

Section 4101. Short Title. The short title for the division is the Emergency Unemployment Insurance Stabilization and Access Act of 2020.

Section 4102. Emergency Transfers for Unemployment Compensation Administration. This section provides \$1 billion in 2020 for emergency grants to states for activities related to processing and paying unemployment insurance (UI) benefits, under certain conditions.

\$500 million would be used to provide immediate additional funding to all states for staffing, technology, systems, and other administrative costs, so long as they met basic requirements about ensuring access to earned benefits for eligible workers. Those requirements are:

- Require employers to provide notification of potential UI eligibility to laid-off workers
- Ensure that workers have at least two ways (for example, online and phone) to apply for benefits
- Notify applicants when an application is received and being processed and if the application cannot be processed, provide information to the applicant about how to ensure successful processing.

States would be required to report on the share of eligible individuals who received UI benefits and the state's efforts to ensure access within one year of receiving the funding. The funding would be distributed in the same proportions as regular UI administrative funding provided through annual appropriations.

\$500 million would be reserved for emergency grants to states which experienced at least a 10 percent increase in unemployment. Those states would be eligible to receive an additional grant, in the same amount as the initial grant, to assist with costs related to the unemployment spike, and would also be required to take steps to temporarily ease eligibility requirements that are limiting access to UI during the COVID-19 outbreak, like work search requirements, required waiting periods, and requirements to increase employer UI taxes if they have high layoff rates. Depending on the state, those actions might require changes in state law, or might just require changes in state policy. This section also provides temporary federal flexibility regarding those UI restrictions which are also in federal law.

Section 4103. Temporary Assistance for States with Advances. This section provides states with access to interest-free loans to help pay regular UI benefits through December 31, 2020, if needed.

Section 4104. Technical Assistance and Guidance for Short-Time Compensation Programs. This section requires the Secretary of Labor to provide technical assistance to states that want to set up work-sharing programs, in which employers reduce hours instead of laying employees off, and then employees receive partial unemployment benefits to offset the wage loss.

Section 4105. Full Federal Funding of Extended Unemployment Compensation for a Limited Period. For states that experience an increase of 10 percent or more in their unemployment rate (over the previous year) and comply with all the beneficiary access provisions in section 102, this section provides 100 percent federal funding for Extended Benefits, which normally require 50 percent of funding to come from states. Extended Benefits (EB) are triggered when unemployment is high in a state and provide up to an additional 26 weeks after regular UI benefits (usually 26 weeks) are exhausted. This section also suspends the financial penalty within EB for states that waive the usual one-week waiting period for benefits.

DIVISION E – Emergency Paid Sick Leave Act

Prepared by the Democratic staff of the House Committee on Education and Labor

Section 5101. Short Title. The Emergency Paid Sick Leave Act.

Section 5102. The Emergency Paid Sick Leave Act. This section requires employers with fewer than 500 employees and government employers to provide employees two weeks of paid sick leave, paid at the employee’s regular rate, to quarantine or seek a diagnosis or preventive care for coronavirus; or paid at two-thirds the employee’s regular rate to care for a family member for such purposes or to care for a child whose school has closed, or child care provider is unavailable, due to the coronavirus.

- Full-time employees are entitled to 2 weeks (80 hours) and part-time employees are entitled to the typical number of hours that they work in a typical two-week period.
- The bill ensures employees who work under a multiemployer collective agreement and whose employers pay into a multiemployer plan are provided with leave.

The Act, and the requirements under the Act, expire on December 31, 2020.

DIVISION F – Health Provisions

Prepared by the Democratic staff of the Committees on Energy and Commerce, Ways and Means, and Education and Labor

Section 6001. Coverage of Testing for COVID-19. This section requires private health plans to provide coverage for COVID-19 diagnostic testing, including the cost of a provider, urgent care center and emergency room visits in order to receive testing. Coverage must be provided at no cost to the consumer.

Section 6002. Waiving Cost Sharing Under the Medicare Program for Certain Visits Relating To Testing For COVID-19. This section requires Medicare Part B to cover beneficiary cost-sharing for provider visits during which a COVID-19 diagnostic test is administered or ordered. Medicare Part B currently covers the COVID-19 diagnostic test with no beneficiary cost-sharing.

Section 6003. Waiving Cost Sharing Under the Medicare Advantage Program for Certain Visits Relating to Testing for COVID-19. This section requires Medicare Advantage to provide

coverage for COVID-19 diagnostic testing, including the associated cost of the visit in order to receive testing. Coverage must be provided at no cost to the beneficiary.

Section 6004. Coverage at No Cost Sharing of COVID-19 Testing Under Medicaid and CHIP. This section requires Medicaid to provide coverage for COVID-19 diagnostic testing, including the cost of a provider visit in order to receive testing. Coverage must be provided at no cost to the beneficiary. It would also provide states with the option to extend Medicaid eligibility to uninsured populations for the purposes of COVID-19 diagnostic testing. State expenditures for medical and administrative costs would be matched by the federal government at 100 percent.

Section 6005. Treatment of Personal Respiratory Protective Devices as Covered Countermeasures. This section requires certain personal respiratory protective devices to be treated as covered countermeasures under the PREP Act Declaration for the purposes of emergency use during the COVID-19 outbreak and ending October 1, 2024.

Section 6006. Application with Respect to TRICARE, Coverage for Veterans, and Coverage for Federal Civilians. This section ensures that individuals enrolled in TRICARE, covered veterans, and federal workers have coverage for COVID-19 diagnostic testing without cost-sharing.

Section 6007. Coverage of Testing for COVID-19 At No Cost Sharing for Indians Receiving Contract Health Services. This section ensures that American Indians and Alaskan Natives do not experience cost sharing for COVID-19 testing, including those referred for care away from an Indian Health Service or tribal health care facility.

Section 6008. Emergency FMAP Increase. This section provides a temporary increase to states' federal medical assistance percentage for the duration of the public health emergency for COVID-19. It requires states to maintain eligibility standards that are no less restrictive than the date of enactment.

Section 6009. Increase in Medicaid Allotments for Territories. This section provides an increase to the territories' Medicaid allotments for 2020 and 2021. It will ensure that territories that receive an FMAP increase under the previous section will have the necessary additional federal funds for their Medicaid programs.

Section 6010. Clarification Relating to Secretarial Authority Regarding Medicare Telehealth Services Furnished During COVID-19 Emergency Period. This section makes a technical change to the Medicare telehealth provision of the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123) to ensure that new Medicare beneficiaries are able to access telehealth services under the emergency authority granted to the Secretary.

DIVISION G – Tax Credits For Paid Sick And Paid Family And Medical Leave

Prepared by the Democratic staff of the House Committee on Ways and Means

Section 7001. Payroll Credit for Required Paid Sick Leave. This section provides a refundable tax credit equal to 100 percent of qualified paid sick leave wages paid by an employer for each calendar quarter.

The tax credit is allowed against the tax imposed by section 3111(a) (the employer portion of Social Security taxes). Qualified sick leave wages are wages required to be paid by the Emergency Paid Sick Leave Act.

The section makes a distinction between qualified sick leave wages paid with respect to employees who must self-isolate, obtain a diagnosis, or comply with a self-isolation recommendation with respect to coronavirus. For amounts paid to those employees, the amount of qualified sick leave wages taken into account for each employee is capped at \$511 per day. For amounts paid to employees caring for a family member or for a child whose school or place of care has been closed, the amount of qualified sick leave wages taken into account for each employee is capped at \$200 per day. The aggregate number of days taken into account per employee may not exceed the excess of 10 over the aggregate number of days taken into account for all preceding calendar quarters.

If the credit exceeds the employer's total liability under section 3111(a) for all employees for any calendar quarter, the excess credit is refundable to the employer. Employers may elect to not have the credit apply. To prevent a double benefit, no deduction is allowed for the amount of the credit. In addition, no credit is allowed with respect to wages for which a credit is allowed under section 45S.

The Secretary of the Treasury is given broad authority to issue regulations and guidance necessary to carry out the purposes of the section, including regulations and guidance related to avoidance, penalty waivers with respect to deposit amounts, compliance and record-keeping relief, and benefit recapture. The Social Security OASDI trust funds are held harmless by transferring funds from the General Fund. The section applies only to wages paid with respect to the period beginning on a date selected by the Secretary of the Treasury (or the Secretary's delegate) which is during the 15-day period beginning on the date of the enactment of this Act, and ending on December 31, 2020.

Section 7002. Credit for Sick Leave for Certain Self-Employed Individuals. This section provides a refundable tax credit equal to 100 percent of a qualified sick leave equivalent amount for eligible self-employed individuals who must self-isolate, obtain a diagnosis, or comply with a self-isolation recommendation with respect to coronavirus. For eligible self-employed individuals caring for a family member or for a child whose school or place of care has been closed due to coronavirus, the section provides a refundable tax credit equal to 67 percent of a qualified sick leave equivalent amount.

The credit is allowed against income taxes and is refundable. Eligible self-employed individuals are individuals who would be entitled to receive paid leave pursuant to the Emergency Paid Sick Leave Act if the individual was an employee of an employer (other than himself or herself). For eligible self-employed individuals who must self-isolate, obtain a diagnosis, or comply with a

self-isolation recommendation, the qualified sick leave equivalent amount is capped at the lesser of \$511 per day or the average daily self-employment income for the taxable year per day. For eligible self-employed individuals caring for a family member or for a child whose school or place of care has been closed due to coronavirus, the qualified sick leave equivalent amount is capped at the lesser of \$200 per day or the average daily self-employment income for the taxable year per day.

In calculating the qualified sick leave equivalent amount, an eligible self-employed individual may only take into account those days that the individual is unable to work for reasons that would entitle the individual to receive paid leave pursuant to the Emergency Paid Sick Leave Act.

A self-employed individual must maintain documentation prescribed by the Secretary of the Treasury to establish his or her eligibility for the credit. To prevent a double benefit, the qualified sick leave equivalent amount is proportionately reduced for any days that the individual also receives qualified sick leave wages from an employer. The section contains rules to ensure that self-employed individuals in U.S. territories may claim the credit.

The Secretary of the Treasury is given broad authority to issue regulations and guidance necessary to carry out the purposes of the section, including regulations and guidance related to avoidance and compliance and record-keeping relief. The section applies only to days occurring during the period beginning on a date selected by the Secretary of the Treasury which is during the 15-day period beginning on the date of the enactment of this Act, and ending on December 31, 2020.

Section 7003. Payroll Credit for Required Paid Family Leave. This section provides a refundable tax credit equal to 100 percent of qualified family leave wages paid by an employer for each calendar quarter.

The tax credit is allowed against the tax imposed by section 3111(a) (the employer portion of Social Security taxes). Qualified family leave wages are wages required to be paid by the Emergency Family and Medical Leave Expansion Act.

The amount of qualified family leave wages taken into account for each employee is capped at \$200 per day and \$10,000 for all calendar quarters. If the credit exceeds the employer's total liability under section 3111(a) for all employees for any calendar quarter, the excess credit is refundable to the employer.

Employers may elect to not have the credit apply. To prevent a double benefit, no deduction is allowed for the amount of the credit. In addition, no credit is allowed with respect to wages for which a credit is allowed under section 45S.

The Secretary of the Treasury is given broad authority to issue regulations and guidance necessary to carry out the purposes of the section, including regulations and guidance related to avoidance, compliance and record-keeping relief, and benefit recapture. The Social Security OASDI trust funds are held harmless by transferring funds from the General Fund. The section

applies only to wages paid with respect to the period beginning on a date selected by the Secretary of the Treasury which is during the 15-day period beginning on the date of the enactment of this Act, and ending on December 31, 2020.

Section 7004. Credit for Family Leave for Certain Self-Employed Individuals. This section provides a refundable tax credit equal to 100 percent of a qualified family leave equivalent amount for eligible self-employed individuals.

The credit is allowed against income taxes and is refundable. Eligible self-employed individuals are individuals who would be entitled to receive paid leave pursuant to the Emergency Family and Medical Leave Expansion Act if the individual was an employee of an employer (other than himself or herself). The qualified family leave equivalent amount is capped at the lesser \$200 per day or the average daily self-employment income for the taxable year per day. In calculating the qualified family leave equivalent amount, an eligible self-employed individual may only take into account those days that the individual is unable to work for reasons that would entitle the individual to receive paid leave pursuant to the Emergency Family and Medical Leave Expansion Act.

A self-employed individual must maintain documentation prescribed by the Secretary of the Treasury to establish his or her eligibility for the credit. To prevent a double benefit, the qualified sick leave equivalent amount is proportionately reduced for any days that the individual also receives qualified sick leave wages from an employer. The section contains rules to ensure that self-employed individuals in U.S. territories may claim the credit.

The Secretary of the Treasury is given broad authority to issue regulations and guidance necessary to carry out the purposes of the section, including regulations and guidance related to avoidance and compliance and record-keeping relief. The section applies only to days occurring during the period beginning on a date selected by the Secretary of the Treasury which is during the 15-day period beginning on the date of the enactment of this Act, and ending on December 31, 2020.

Section 7005. Special Rule Related to Tax on Employers. This section ensures that any wages required to be paid by reason of the Emergency Paid Sick Leave Act and the Emergency Family and Medical Leave Expansion Act will not be considered wages for purposes of section 3111(a). The Social Security OASDI trust funds are held harmless by transferring funds from the General Fund.

DIVISION H – Budgetary Effects

Technical budgetary provisions.
